

Population Connection Action Fund *2018 Congressional Report Card*

115th U.S. Congress

House of Representatives

1. Ban on Insurance Coverage of Abortion

January 24, 2017 | House Roll Call 65

Our Position: Oppose | **Passed 238-183, 11 not voting**
One of the first bills brought to the floor in the 115th Congress, H.R. 7 codifies the Hyde Amendment, which forbids the use of any federal funding to cover abortion services for Medicaid recipients. It also penalizes employers who offer insurance coverage of abortion in their workplace plans and bars abortion coverage in plans sold on the exchanges created by the Affordable Care Act.

2. Revoke the Stream Protection Rule

February 1, 2017 | House Roll Call 73

Our Position: Oppose | **Passed 228-194, 10 not voting**
The Obama administration's Department of the Interior imposed a rule to protect waterways near coal mining operations. It strictly limited levels of industry pollution and required restoration of affected areas. The rule protected an estimated 6,000 miles of waterways and 52,000 acres of forests from mining-related pollution. The House voted on a resolution to remove the rule.

3. Revoke the Methane Waste Prevention Rule

February 3, 2017 | House Roll Call 78

Our Position: Oppose | **Passed 221-191, 20 not voting**
The Obama administration's Bureau of Land Management imposed a rule to reduce methane waste produced by oil and natural gas production on federal and tribal land. It included new requirements on flaring, capture, leak detection, and venting. The House voted on a resolution to remove the rule.

4. Allow States to Defund Planned Parenthood

February 16, 2017 | House Roll Call 99

Our Position: Oppose | **Passed 230-188, 12 not voting**
In the final months of the Obama administration, the Department of Health and Human Services put in place a rule that prevented states from defunding Planned Parenthood clinics or any other Title X health centers simply because they offer abortion services. The House voted on a resolution to remove the rule.

5. American Health Care Act (Trumpcare)

May 4, 2017 | House Roll Call 256

Our Position: Oppose | **Passed 217-213, 1 not voting**
The American Health Care Act (AHCA) was a bill to repeal the Affordable Care Act. It called for hundreds of billions of dollars in cuts to Medicaid, defunded Planned Parenthood, and, according to the Congressional Budget Office, would have increased the number of uninsured people in the United States by 24 million.

6. 20-Week Abortion Ban

October 3, 2017 | House Roll Call 549

Our Position: Oppose | **Passed 237-189, 7 not voting**
The House of Representatives voted on the misleadingly-named "Pain Capable Unborn Child Protection Act," which would ban abortion after 20 weeks of pregnancy. Supporters of the measure argue (falsely, according to medical science) that at 20 weeks a fetus can feel pain. The bill contains no exception for pregnancies where there is a fetal anomaly or threat to the health of the pregnant person.

7. Global HER Act Co-Sponsorship

Introduced in the House by Rep. Nita Lowey (D-NY), the Global Health, Empowerment, and Rights Act (Global HER Act), H.R. 671, would repeal the Global Gag Rule and prevent a future president from unilaterally reinstating the policy.

1. UT-3: John Curtis assumed office on November 13, 2017. He replaced Jason Chaffetz, who resigned on June 30, 2017.

2. WI-1: It is not customary for the Speaker of the House to vote.

1. Jeff Sessions Confirmation

February 8, 2017 | *Senate Roll Call 59*

Our Position: Oppose | **Confirmed 52-47, 1 voting “present”**

Confirmation of Sen. Jeff Sessions (R-AL) to be Attorney General of the United States

2. Tom Price Confirmation

February 10, 2017 | *Senate Roll Call 61*

Our Position: Oppose | **Confirmed 52-47, 1 not voting**
Confirmation of Rep. Tom Price (R-GA) to be head of the Department of Health and Human Services (HHS)

3. Allow States to Defund Planned Parenthood

March 30, 2017 | *Senate Roll Call 100*

Our Position: Oppose | **Tied 50-50; tie broken by Vice President Pence voting “yea”**

In the final months of the Obama administration, the Department of Health and Human Services put in place a rule that prevented states from defunding Planned Parenthood clinics or any other Title X health centers simply because they offer abortion services. The House voted to rescind the rule on February 16, 2017. The Senate voted on the House Resolution, with Vice President Mike Pence breaking the resulting 50-50 tie.

4. Neil Gorsuch Confirmation

April 7, 2017 | *Senate Roll Call 111*

Our Position: Oppose | **Confirmed 54-45, 1 not voting**
Confirmation of Judge Neil Gorsuch to be an Associate Justice of the Supreme Court of the United States. After the death of Justice Antonin Scalia in February 2016, Senate Majority Leader Mitch McConnell (R-KY) took the unprecedented step of refusing to consider the sitting president’s chosen nominee, Judge Merrick Garland. After his election, Donald Trump nominated Judge Neil Gorsuch. McConnell, unable to reach the traditional 60-vote cloture threshold for Supreme Court nominees, altered Senate rules to allow a 51-vote threshold.

5. John Bush Confirmation

July 20, 2017 | *Senate Roll Call 164*

Our Position: Oppose | **Confirmed 51-47, 2 not voting**
Confirmation of John Bush to be Judge of the United States Court of Appeals for the Sixth Circuit. Prior to his nomination, Bush was the anonymous author of a blog that frequently contained slurs against the LGBTQ community, attacked reproductive rights, and made numerous sexist statements.

6. Motion to Proceed: Better Health Care Reconciliation Act (Trumpcare)

July 25, 2017 | *Senate Roll Call 167*

Our Position: Oppose | **Tied 50-50; tie broken by Vice President Pence voting “yea”**

Senate vote on whether to begin debate on multiple versions of its health care bill. After the House voted to pass its version of the bill (the AHCA), the Senate declined to vote on the same measure, and began a secretive process to produce its own bill. The Congressional Budget Office estimated that, depending on the version under consideration, the Senate bill could result in 16-32 million people losing their health insurance. The motion to proceed resulted in a 50-50 tie, broken by Vice President Mike Pence, who voted to advance the bill to the floor for debate.

7. Final “Trumpcare” Vote

July 28, 2017 | *Senate Roll Call 179*

Our Position: Oppose | **Failed 49-51**

After being unable to pass multiple versions of its health care bill, the Senate took one final vote on what was nicknamed the “Skinny Repeal.” The measure would have removed the individual and employer mandates put in place under the Affordable Care Act. Even supporters of the measure admitted they did not wish to see it become law, arguing it was merely a vehicle to use in negotiations with the House.

8. 20-Week Abortion Ban

January 29, 2018 | Senate Roll Call 25

Our Position: Oppose | **Failed 51-46, 3 not voting**

The Senate held a procedural vote on the misleadingly-named “Pain Capable Unborn Child Protection Act,” which would have banned abortion after 20 weeks of pregnancy with only very limited exceptions. Due to the nature of the vote, 60 votes were required for passage. The House of Representatives previously passed their version of the bill in October 2017.

9. Kyle Duncan Confirmation

April 24, 2018 | Senate Roll Call 82

Our Position: Oppose | **Confirmed 50-47**

The Senate voted on the confirmation of Kyle Duncan to the 5th Circuit Court of Appeals. A longtime member of the Federalist Society, Duncan worked as lead counsel for the Becket Fund for Religious Liberty and was lead counsel for Hobby Lobby in its successful court challenge of the Affordable Care Act’s birth control benefit.

10. Mike Pompeo Confirmation

April 26, 2018 | Senate Roll Call 84

Our Position: Oppose | **Confirmed 57-42, 1 not voting**

After firing Secretary of State Rex Tillerson, Donald Trump nominated CIA Director Mike Pompeo as his replacement. Pompeo, who was previously a Republican member of Congress from Kansas, has a long and horrible record on women’s issues and family planning. He has opposed abortion access in cases of rape and incest, and has been a vocal supporter of so-called “personhood” legislation, which could outlaw some forms of birth control.

11. Global HER Act Co-Sponsorship

Introduced in the Senate by Sen. Jeanne Shaheen (D-NH), the Global Health, Empowerment, and Rights Act (Global HER Act), S. 210, would repeal the Global Gag Rule and prevent a future president from unilaterally reinstating the policy.

“President Trump needs to keep his hands off of women’s healthcare and let women make decisions for themselves.”

He is blatantly sacrificing the health and wellbeing of millions of American women just to score political points with his base.”

– Sen. Jeanne Shaheen (D-NH)

Selected Profiles of House Candidates Endorsed

★ ABIGAIL SPANBERGER ★

Abigail Spanberger is running against Dave Brat in Virginia’s 7th district. She says, “There is no doubt that increasing access to family planning and reproductive health programs is an economic issue for many families. The ability to prevent or delay pregnancy opens up new opportunities for vulnerable people in the developing world — just like it does for women and families in Central Virginia. Congressman Brat’s support of attacks on family planning access is harmful to women and families worldwide. I’m committed to fighting to repeal the Global Gag Rule, restore aid to UNFPA, and oppose any new efforts to undermine women’s health care anywhere.”

★ GINA ORTIZ JONES ★

Gina Ortiz Jones is challenging Rep. Will Hurd in the 23rd district of Texas. After a distinguished military career, she returned home to Texas where she has continued her lifelong commitment to serving others. From her childhood growing up to her time overseas, she has seen the daily challenges that people face and the enormous potential they have. She says, “I have seen first-hand the importance of ensuring access to family planning services to people around the world. It’s a key investment to improve global health, expand economic opportunity, and increase the status of girls and women. It will help us build healthier families, stronger communities, and stable countries. I’m proud to stand with Population Connection Action Fund to fight for the right of all people to make their own decisions about their own futures.”

★ KATHLEEN WILLIAMS ★

Kathleen Williams is running for Montana’s lone seat in the House against Rep. Greg Gianforte (whose main claim to fame is assaulting a reporter in the days before he was elected in 2017). Williams has spent decades working to preserve natural resources, and spent three terms in the Montana State Legislature, where she was a champion for public health, environmental protection, and gender equity. She says, “I am absolutely committed to ensuring family planning resources both at home and abroad. At home, I will work to stop the war on Planned Parenthood, which was my primary health provider when I was starting my career. Abroad, we must keep health clinics open: They provide crucial health care services and create opportunities for women and girls everywhere. Those opportunities will help form the bedrock for a more peaceful world.”

★ SUSIE LEE ★

Susie Lee is running in Nevada’s 3rd district against the extremist and perennial candidate Danny Tarkanian. Lee has been fighting for increased opportunities for people in Nevada for more than twenty years. She is a proven champion for vulnerable people throughout her state, across the country, and around the world. She says, “Congress needs more voices unequivocally supporting global reproductive rights and access to health care. I look forward to leading on these issues in Congress.”

by Population Connection Action Fund

★ SCOTT WALLACE ★

Scott Wallace is challenging Rep. Brian Fitzpatrick in Pennsylvania's 1st district. Wallace has been a major supporter of international family planning for decades. He is a lifelong environmentalist and is focused on the full empowerment of women everywhere. Wallace says, "The goal of ensuring that every woman can make her own decisions about her reproductive life is as crucial to me as it was to my parents, who devoted many decades of their lives to Population Action International, Planned Parenthood, and our family foundation, the Wallace Global Fund. I have been proud to continue their work for the last fifteen years, including supporting robust family planning resources through USAID and UNFPA. I am committed to continuing this work in Congress and to opposing any efforts to undermine family planning and reproductive health care anywhere in the world."

★ ANDY KIM ★

Andy Kim is challenging Rep. Tom MacArthur in New Jersey's 3rd district. MacArthur almost single-handedly revived the effort to repeal the Affordable Care Act in 2017 after it was defeated once. Kim has spent his professional life in efforts to promote peace and stability, providing hope for countless people. In his time overseas, he saw firsthand the importance of investments in reproductive health and gender equality. He says, "From the beginning, this campaign has been about empowering our community to make change a reality. Population Connection Action Fund is an organization I'm thrilled to have on our side because that's what they're all about. Here in South Jersey and the Jersey Shore, we're working to change our representation so that we have leaders who stand up for our communities, not corporate special interests."

★ XOCHITL TORRES SMALL ★

Xochitl Torres Small is running for the open seat in New Mexico's 2nd district. She grew up in Las Cruces and returned home after graduating from Georgetown University. She clerked for a federal judge and served on the staff of Sen. Tom Udall, where she worked to expand opportunities for local graduates and brought farmers, conservationists, and communities together to help protect New Mexico's precious water supply. She says, "As I have traveled southern New Mexico, I have continually heard from voters about their struggles to get the health care they need where they live. Here, like the rest of the world, access to reproductive health care is vital for healthy children, families, and our future. I'm proud to stand with Population Connection Action Fund to make sure we all can get the health care we need."

POPULATION CONNECTION
ACTION FUND

Population Connection Action Fund works to stabilize global population by:

- Fighting to ensure that every woman in the world has access to affordable, effective, and appropriate contraceptives;
- Educating American citizens and public officials about the impacts of population growth and the benefits of real investment in reproductive health and family planning;
- Mobilizing our grassroots base to advocate for effective policies; and
- Electing candidates who support the right of all women to control their own lives and defeating those who oppose it.

Population Connection Action Fund is the political arm of Population Connection, the nation's largest and oldest grassroots population organization. Our grassroots advocates are deeply invested in supporting family planning programs both domestically and globally — our goal is to turn that passion into real political progress.

JOIN US!

Join the fight to elect candidates who understand that investment in family planning around the world improves the health of women, children, and families. These programs are vital, but they are constantly under attack by anti-birth control politicians in the United States. Together, we can ensure universal, affordable access to birth control the world over.
